

	Description of Section's Relevance	Brass Extension Tubes, Tailpieces, and Disposer Kits	Brass Slip Joint Connectors	Cast Brass Connectors
Product Offerings	Various products offered by Oatey SCS® that apply to information as follows.	<ul style="list-style-type: none"> • Brass Tubing and Extensions • Branch and Trap Tailpieces • Disposer Kits 	<ul style="list-style-type: none"> • Double Slip Joint Connections • Slip Joints Elbows- 45° or 90° • Tee Slip Joints • Closet Flush Elbows • Bell Flange Cover Tube 	<ul style="list-style-type: none"> • Cast Brass Flanges • Cast Brass Slip Joint Elbows-45° or 90° • Cast Brass Slip Joint Tee
Low Emitting Materials- VOC Emission Limits	Strictest VOC regulatory limit in which governs the above products.	There are no VOC regulations for these products.	There are no VOC regulations for these products.	There are no VOC regulations for these products.
Low Emitting Materials- Product VOC Content	Best estimate of the actual VOC content within product in g/L or % by weight. Products with low VOC content may assist in earning LEED credit and improving air quality.	These products have no VOC content.	These products have no VOC content.	These products have no VOC content.
Building Product Disclosure- Recycled Content of Materials	Recycled content used within product that may assist in earning LEED points.	There is no recycled content used within these products.	There is no recycled content used within these products.	There is no recycled content used within these products.
PBT¹ Source Reduction-Lead, Cadmium, Copper	Lead, Cadmium, and Copper content for use in determining LEED credit for PBT reduction.	These products contain a max 65% copper and 0.07% lead by weight.	These products contain a max 65% copper and 0.07% lead by weight. Optional brass nuts contain a max 60% copper and 3% lead by weight.	Cast brass flanges contain a max of 61% copper and 2.5% lead by weight. Cast brass connectors contain a max 60% copper and 3% lead by weight.

Red List Content	Any red list materials as defined by the Living Building Challenge (LBC).	These products contain a trace amount of lead, which has been red listed by the LBC.	These products contain a trace amount of lead, which has been red listed by the LBC.	These products contain lead, which has been red listed by the LBC.
Conflict Mineral Content	Any materials within the product that may be from the DRC (Democratic Republic of Congo).	These products contain no conflict minerals.	These products contain no conflict minerals.	These products contain no conflict minerals.
Hazardous Substance Content (ROHS)	Any substances contained within the product reportable per ROHS guidelines.	These products contain small amounts of lead.	These products contain small amounts of lead.	These products contain lead.
Location(s) Where Manufactured	Manufacturing location of the product pertains to its carbon footprint. If jobsite area is within 500 straight-line miles ² of this location, LEED credit may be earned.	Locations of manufacturing: <ul style="list-style-type: none"> • Nogales, Mexico 	Locations of manufacturing: <ul style="list-style-type: none"> • Nogales, Mexico 	Locations of manufacturing: <ul style="list-style-type: none"> • Nogales, Mexico • China • Taiwan
Additional Information	Additional product information relative to LEED or environmental health and safety.	The lead content in this type of brass tubing is a naturally occurring, trace amount.	The lead content in this type of brass tubing is a naturally occurring, trace amount.	There is no additional information for these products.

¹PBT's are known as Persistent Bioaccumulative Toxins.

²For use in determining distance between jobsite and manufacturing location in straight-line miles, use tool provided by this link <http://www.daftlogic.com/projects-google-maps-distance-calculator.htm>.
